Website Design Using Dreamweaver

Spring Term 2010

Wednesday 7.00pm - 9.00pm

Classes Begin Wednesday 13th January 2010

This course will use the Adobe CS3 software to cover the foundation digital communication skills needed to create effective communication using digital media tools.

The objectives for the course are:

- Setting Project Requirements
- Planning Site Design and Page Layout
- Understanding Adobe Dreamweaver
- Adding Content by Using Dreamweaver
- Organising Content by Using Dreamweaver
- Evaluating and Maintaining a Site

These objectives are mapped to the Adobe Certified Associate qualification "Web Communication using Adobe Dreamweaver CS3", for which there is an optional online exam.

Students who pass this exam will achieve an internationally recognised qualification. Entry for this exam will cost £45 (£30 exam fee plus £15 invigilation).

The course will be delivered by an experienced Adobe Dreamweaver trainer, with the exam (if required) being taken in our IT Academy.
